Banker Elliott's Daughter Killed, Son is Fatally Injured in Collision

BRITAIN WARNED BY REDS

CONSIDER AID TO WRANGEL HUSTLE ACT, CURZON TOLD

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Nov. 17.—A dangerous situation exists in India, according to Edward Samuel Montagu, Secretary of India, who has been admitted to the House of Commons today. He added that the Indian government would be left perfectly free to take such steps as it deemed necessary in dealing with this situation.

COPENHAGEN, Nov. 17.—M. Tchitcherin, Russian Soviet Minister, has sent to Earl Curzon, British Secretary of State for Foreign Affairs, a wireless message in which he says that the Russian government would constitute a hostile act toward the Soviet Union of the assurances that Great Britain gave to the Moscow government.

ISH CAUSE HITS SNAG.

Information from various sources gives us reason to believe that the intention is entertained of utilizing British vessels to transport Gen. Wrangel and the goods he sold from Southern Russia to other countries. It cannot be denied that participation of the British in the movements of insurgents fighting against Russia would constitute a hostile act on the part of the British government towards the Russian government and a violation of the assurances which the British government has given us on this subject on various occasions.

The Russian government expects that the British government will abstain from all acts of this kind, from which the Russian government would have inevitable consequences.

NEW RED OFFENSIVE.

WARSAW, Nov. 16.—A strong Bolshevik offensive, according to the latest reports, is developing along the entire Volhynian front from the River Dnieper to Derzhest. The Ukrainians have been unable to offer sustained effective resistance because of lack of munitions and supplies.

The Ukrainians started a general attack Nov. 11, took Zimnizhka and had advanced some miles when their lack of communications caused the collapse of their left wing, opening the way to the Red cavalry. The Bolsheviks have taken Proskurov and Kamienka. Podolsk is reported to have been evacuated.

GUARD AMERICAN RIGHTS.

No Recognition of Mexico Until Pledge Made Law is Not Retroactive.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 17.—Recognition of the new government in Mexico by the United States will be withheld, it was said today at the State Department, until Mexico has made clear the effect to be given to Article XXVII of the Mexican Constitution, relating to property in Mexico.

Strong pressure for speedy recognition was then put on the department by some business and other interests, but a high official stated emphatically today that no corporation, no group of individuals was going to deliver American recognition to Mexico.

It was made clear that the United States was not demanding, as preliminary to recognition, repeal of Article XXVII, but it was stated that if the operation of laws enacted under that section were made retroactive, the American government could not accord recognition.

The United States, officials explained, is actuated by a desire to protect American interests in the southern republic and in its study of the whole situation has invited and received from American corporations and individuals having interests in Mexico statements as to conditions there in a statement issued at the department some weeks ago, but apparently it is not much nearer

CITIZENSHIP FOR INDIANS, IS DEMAND.

Right of Race, Says Speakers at Conference of Society Held in St. Louis.

(BY A. P. NIGHT WIRE.)
ST. LOUIS, Nov. 17.—Indians expect emancipation from the government reservation system within the next four years, Thomas L. Sloan of Washington, D. C., president of the Society of American Indians, declared at the annual conference of the organization tonight.

President Sloan asserted the claims of the Indians for full citizenship are meeting with growing interest and that the program being made justified the belief they will be recognized.

The Rev. Red Fox demanded that the Indians be released from government control, asserting that while many Indians fought on the Union side in the Civil War to release the negro from slavery Indians are "still held in the fetters of slavery by government control."

"Home rule" for Indians was demanded by Jonathan Tibbet, chief of the Indian Mission Federation of California. Each tribe should be allowed to govern itself on its reservation, he declared, asserting that Indians were capable of looking after their own interests than the majority of the white people.

Sales of Autos Now Picking Up; Year Record One.

(BY A. P. NIGHT WIRE.)
CHICAGO, Nov. 17.—After two months of depression there has been an upward turn in the automobile business, both pleasure cars and trucks, according to Alfred Reeves, general manager of the National Automobile Chamber of Commerce, who addressed the Automotive Equipment Association at the Coliseum here today.

"Along with other industries, we have had poor sales for two months, but the automobile business is now moving upward," Mr. Reeves said. "Present production is not averaging more than 50 per cent, except in the case of three or four factories. The full year, however, will exceed all records approaching 1,000,000 cars and 340,000 trucks. Car renewals are about 1,000,000 a year."

WOULD BAR FOREIGNERS.

(BY A. P. NIGHT WIRE.)
MEXICO CITY, Nov. 17.—Exclusion of foreign powers from direct participation in the operation of the proposed oil pipeline across the isthmus of Tehuantepec was recommended yesterday in a report by a committee of experts appointed some time ago to study the matter. The committee also urged that foreign warships be prohibited from using any oil products flowing through such a pipeline.

Three petitions, asking for concessions to lay the line were examined by the committee. The committee did not recommend that the concession should go to a company which is legally Mexican in makeup, and which gives guarantees to abide by the laws governing such enterprises.

UNION LABOR DICTATOR HELD FOR EXTORTION.

Graft of Highest Paid Organizer May Reach Million, is Charge; Dock Workers Pay \$30,000 Year.

(BY A. P. NIGHT WIRE.)
NEW YORK, Nov. 17.—The joint legislative committee's investigation into the building trust resulted today in the indictment of Robert P. Brindell, president of the Building Trades Council—one of the highest-paid labor leaders in the United States—on charges of attempting to extort money from contractors by threats of calling strikes.

Baby Coughlin Slayer Admits Acts to Court.

(BY A. P. NIGHT WIRE.)
NORRISTOWN (Pa.) Nov. 17.—August Pascal, alias Pasquale, "the crank," confessed kidnaper and slayer of Blakely Coughlin, will be sentenced on Saturday by Judge A. S. Swartz of the Montgomery County Court.

Pascal was placed on trial today and pleaded guilty to second-degree murder and guilty to a charge of kidnapping for purposes of extortion. The maximum penalty for second-degree murder is 30 years in prison, and life imprisonment for kidnapping.

VENIZELOS COUP BEATEN.

Plot Discovered by Italian Minister, is Rumor in Athens.

(BY CABLE AND ASSOCIATED PRESS.)
ATHENS, Nov. 17.—One of the election aftermaths here is the circulation of a report that supporters of Venizelos planned a coup d'etat to prevent their defeat. The Italian Minister is said to have called on Venizelos and, informing him of the plot, told the Premier he would be held responsible if there was any bloodshed.

LATEST MORNING NEWS.

Daring Downtown Hold-up

Three auto bandits snarl today held up Gordon A. Fairbairn, night manager of an auto livery park at 743 South Hill street, and robbed him of the point of their revolvers of \$150. They then sped in their machine, but were chased by Mr. Fairbairn in one of his company's cars to Pico and Olive streets, where the bandits wrecked their auto in trying to turn the corner at high speed. The highwaymen then fled west on Pico street on foot. Detectives of the flying squadron took up the chase and are combing the west end for the robbers.

Oldest Resident is Dead

SACRAMENTO, Nov. 17.—Mrs. Matilda Henderson, said to be the oldest resident of Northern California, died at a local hospital today at the age of 107 years. She was born in Mexico in 1813, but had lived in California since early childhood. For the past thirty-five years she had been a resident of this city.

Wins Boy Scout Prize

NEW YORK, Nov. 17.—First prize in the contest conducted among Boy Scouts of America for the best essay on fire prevention was awarded to Scout Lewis Adam Vincent of Oakland, Md.-Gen. Leonard Wood, chairman of the board of judges, announced today.

AUTO'S WRECKED BY PACIFIC ELECTRIC CAR, HURLED INTO PATH OF ANOTHER IN FOG

In a collision between their automobile and a Pacific Electric car of the Hollywood line at Santa Monica Boulevard and St. Andrews Place late last night John M. Elliott, Jr., and Miss Alice Elliott, son and daughter of J. M. Elliott, president of the board of directors of the First National Bank, were the victims of a fatal accident. The collision was due to the dense fog that prevailed this morning.

Miss Elliott was killed instantly. Her brother was brought to the Receiving Hospital suffering from a basal fracture of the skull. After an examination Police Surgeon Dorn stated that he had little chance of recovery. Early today he was removed to the Good Samaritan Hospital and Dr. Andrew S. Lehnigster and E. A. Bryant were summoned to his bedside for a consultation. His condition early today was extremely grave.

FOG AND WET STREET.
Fog and a wet street caused the accident. Mr. Elliott was returning from the home of his parents, 214 West Twenty-ninth street, where both he and his sister live. They had been to a party together. As they were coming east on Santa Monica Boulevard, Mr. Elliott tried to pass another machine that was ahead of him, but apparently saw the westbound red coach coming toward him and put on his brakes. As the coach was not enough for his auto to pass between the street car and the other machine. The rear end of his automobile slid toward the track, according to the railroad company's report, and hit the front left stop of the street car. The auto overturned and both occupants were crushed beneath the wreckage.

PASSENGERS TO RESCUE.
The Pacific Electric car, No. 558 of the Santa Hollywood local line, was in charge of Motorman Jos. Sullivan and Conductor John E. Flagg. The motorman immediately stopped his car and, with the aid of passengers, the car crew carried Miss Elliott's body and took it into a house at 5600 Santa Monica Boulevard.

Mr. Elliott, Jr., was identified at the Receiving Hospital from a hunting license in his pocket and other papers. The Elliott home was then notified by telephone and Mr. Elliott, Sr., himself in poor health, arose from his sick bed and, with other members of the family, rushed to the hospital. The family was almost overcome with grief and grief at the frightful tragedy.

When the full import of the accident was imparted to the father, the veteran banker collapsed and had to be supported by another son, Robert, who had taken his parent to the hospital.

Miss Alice Elliott was 30 years of age and very prominent in local social circles. Her brother is 34 years old and is assistant teller of the First National Bank, of which his father had been president for many years. He was recently succeeded by Henry M. Robinson. Mr. Elliott, Jr., is unmarried.

ONE DEAD, FOUR INJURED.

William Gale was killed and four youths injured when the truck in which they were riding chipped on the Ridge Route twenty-two miles north of Newhall early this morning and plunged 100 feet down the side of the mountain. The injured, who are cut and bruised, are:

Leon Bennett, 20, of 274 Villa City, Venice.
Walden Ribbet, same address.
William Donnelly, 15, of 2398 West Twelfth street, Los Angeles.
Ferman Correll of 1539 South Normandie avenue, this city.

The accident occurred four miles north of the Forest Reserve Inn, Gale, who was accompanied by an unidentified helper, was driving toward Los Angeles and had given four youths a ride in his truck. He turned out of the road to avoid striking an auto driven by Ward Gilhouse of this city and his machine plunged over the bluff. Mr. Gilhouse took the injured boys to Newhall.

The helper remained at the scene of the accident to take care of the body of Mr. Gale. Deputy Sheriff Johnson sent Undertaker Noble of San Fernando to bring the body in.

HUSBAND AND WIFE HELD FOR MURDER.

(BY A. P. NIGHT WIRE.)
PHOENIX (Ariz.) Nov. 17.—Victor Cheek and his wife, Belle Cheek of Topeka, Kan., were arraigned late today on charges of murder in connection with the death of Cheek's father, Thomas J. Cheek, an 77-year-old man, on the night of November 13. They pleaded not guilty. Their preliminary examination was set for next Monday. Cheek was released under \$25,000 bond and his wife under \$10,000.

Brinkman were found on the older Cheek after his death and neighbors testified at yesterday's coroner's inquest to having heard at times sounds indicating Cheek was beating his father. One witness testified to having heard blows and voices indicating that Mrs. Cheek was beating the aged man, who was reputed to be wealthy.

FARMERS PLAN TO WITHHOLD PRODUCTS.

(BY A. P. NIGHT WIRE.)
KANSAS CITY, Nov. 17.—The Farmers' National Union, with representatives from twenty-seven States went on record today in favor of withholding farm products from the market until prices are restored to a profit-making level.

PROFLIGACY COLOSSAL.

Shipping Board's Methods Scored.

(BY A. P. NIGHT WIRE.)
NEW YORK, Nov. 16.—A series of startling disclosures tend to support what has been charged as a "complete lack of adequate accounting system" in the handling of government funds were made late today by Martin J. Gilman, a witness before the Walsh Commission investigating the alleged mismanagement of the United States Shipping Board. Gilman was a special assistant to former Chairman John Burton Payne.

The name of President-elect Harding was brought into the record when Gilman said he had informed Senator Harding that it was the duty of Congress to see that only his men capable of handling affairs intrusted to them be appointed to all departments. He said appointments should be confirmed by the Senate only when it is determined that the man named is capable and efficient.

COMPLETE BREAKDOWN.

"It has been conceded," he said, "that but few men connected with the Shipping Board have had an expert knowledge of accounting," and he also said it was due to a complete breakdown of their accounting system that the board had its main trouble. Payment of the bill was made in hundreds of millions of dollars.

He testified that one of the best acts of Chairman Payne when he discovered the condition of affairs was to go to the Secretary of the Treasury and secure from him the services of Alonso Twissdale, whom he made treasurer of the board. There was no record of the Twissdale's work, and he testified that among other conditions disclosed by the new treasurer were:

There was no balanced sheet showing what funds the board possessed, or in what banks its funds were deposited.
There was no record with the board of securities valued at more than \$240,000,000 which the board held. The securities, he added, were found in the vaults of a trust company in Philadelphia, where they had been placed for safe keeping.

There was no record showing in detail how \$2,500,000,000 had been expended up to that time.
There was no record of accounting with operators of shipping board vessels, nor any way of determining how much money belonging to the government they had in their possession.

Prior to the advent of Twissdale, he said, the treasurer of the board was only "an issuer of checks," at times without supporting claim vouchers.

\$900,000,000 "SHORT."
On November 1 of this year, the witness said, \$2,500,000,000 was expended there had been submitted to the treasurer vouchers to cover only \$2,700,000,000. Vouchers representing disbursements of \$900,000,000 had been "expected to" by the treasurer because of lack of sufficient supporting data and there was yet to be presented vouchers amounting to \$1,100,000,000.

Checkers and data to make possible the accounting so far obtained, he testified, have been obtained by going out into the field, starting with bank accounts of various firms and persons with whom the board and the Emergency Fleet Corporation had transactions and tracing the accounts back to the board. In this work, he said, a force of 900 men had been engaged.

In summing up his evidence, Gilman said the Shipping Board had one and a half million men, a considerable number in operating divisions, but it had five men to get men into the business and carry out a department of efficient accounting. He made it plain that he had

DOLES URGED TO MAKE PEACE WITH NEIGHBORS.

Orient Controlled by Lenine, Turks and a Hohenzollern; Russia's Railroads Near Standstill.

(BY CABLE-EXCLUSIVE DISPATCH.)

PARIS, Nov. 17.—The Temps, commenting on the defeat of Wrangel and the overthrow of Premier Venizelos in Greece, says the Allies' victory in the Near East because of misdirection has yielded this curious and dangerous result: The Orient is controlled by Lenine, Mustafa Kemal Pasha and a Hohenzollern.

Nothing opposes the Bolsheviks and Turkish Nationalists now that Wrangel has been annihilated, Armenia crushed and Georgia is in the process of being overrun.

"On the western front, owing to a continued aggression against Drift

to come to friendly terms with neighbors in order to have their hands free for an impending big attack by the Reds, adding "together in the Orient nor at the Polish frontier will peace be saved by compromise and half measures. One must think, one must care."

RAILROADS AT STANDSTILL.
Russia's railroads will likely come to a complete standstill before the first of January, according to reports reaching Paris from Moscow. A Russian economic journal in a recent article pointing out the seriousness of the situation shows that there has been no progress during the spring and summer in overcoming the immense shortage of rolling stock.

Russia's total is now reduced to less than 25 per cent of her pre-war figures, despite everything the Communists have been able to do toward repairing the losses.

The non-delivery of 112 locomotives which the Communist press announced was on the way from the United States has made even the high officials in Russian railroad circles pessimistic about the possibilities of keeping up "rail communication during the coldest months."

As Moscow and Petrograd rely entirely upon the railways for supplies, both cities face a much more difficult winter than the last, when thousands of Russians died from starvation.

STARVATION RATIONS.
The situation in the two chief Russian cities already is beyond description. Even the starvation rations which were doled out during last winter would look like a banquet to the suffering thousands of the middle classes. And what is worse, most of the middle-class families who until now have been able to live by exchanging jewels, furs and luxuries—now all sold—for food, are forced to supplement their meager government supplies only by means of the insignificant salaries received from the government for their work in the soviet bureaus.

"Even visitors who spend a month or two in Moscow or Petrograd are unable to appreciate fully the grave nature of the food crisis," declared a Russian who recently arrived in Washington from soviet Russia.

WASHINGTON, Nov. 17.—All Americans on the Crimea Peninsula in South Russia have been safely evacuated, the State Department was advised today.

The dispatch, sent yesterday by Rear Admiral Bristol American commissioner at Constantinople, said the American Red Cross unit did exceptionally good work in aiding the refugees.

The cruiser St. Louis and six destroyers, together with one merchant vessel, the Paray, were engaged in the evacuation of American citizens, American Red Cross workers, Red Cross supplies and American merchandise, in addition to giving aid to non-combatant civilian Russian refugees. The dispatch did not give the number of Americans evacuated, but it estimated that the total number of Russians evacuated would be about 40,000, of whom a majority were women and children.

ABOUT 6000 WOUNDED.
"About 6000 wounded are also to be evacuated," said a statement of the department, "and a number of these already have arrived in Constantinople."

"Merchant vessels and war vessels are being used to embark the refugees. Strict orders have been issued that no cargo are to be allowed on board American naval vessels and that American naval forces are interested themselves only in works of humanity."

"The misery and suffering among the refugees is reported to be intense. Constantinople and the surrounding districts will have accommodations for only about 5000 people. Housing conditions already were overcrowded and because of the scarcity and high price of fuel, heating arrangements are very poor."

"The situation has been further complicated by the extreme cold weather and by the fact that food and clothing are not only scarce in Constantinople, but are most expensive."

FIRE ON COMMISSION.
BY CABLE AND ASSOCIATED PRESS.
WARSAW, Nov. 17.—Lithuanian troops fired on members of the League of Nations control commission as they were crossing No Man's Land from Gen. Zeligowski's lines to those of the Lithuanians, according to dispatches received here today. The members of the commission were carrying a white flag.

The Lithuanian commander said the firing was due to a misunderstanding.

REPORT BATUM TAKEN.
BY CABLE AND ASSOCIATED PRESS.
CONSTANTINOPLE, Nov. 16.—Reports that Batum has been captured by the Russian Bolsheviks have been received here, but thus far they have been confined to supplies collected in the city were removed some time ago and a Georgian division was sent to the south to check an advance by Turkish Nationalists.

The Turkish Nationalists have demanded that the Armenians establish a soviet government under Turkish protection and the situation in Armenia is considered most grave.

Allied officers here praise the heroism of Wrangel's troops during the days of the Crimean disaster. White prisoners, particularly officers, are alleged by Russians here

to have been tortured and murdered by the Bolsheviks.

The Bolshevik regiment determined to take to the mountains and carry on guerrilla warfare against the Reds. There were only five survivors of the Niemietzki regiment.

WARSAW, Nov. 16.—The Ukrainians have evacuated Kiev and other towns they had occupied and are fleeing defeated before the new Russian soviet offensive. The Bolshevik cavalry has swept through the Ukrainian lines at various points.

UNION CHIEF IS INDICTED.

(Continued from First Page.)

\$1000 for a letter which obtained a \$20,000 contract for a company organized by his son.

The indictment of Brindell was not unexpected. Payments totaling more than \$100,000 were alleged to have been received by the labor leader during the last ten months.

"STRIKE INSURANCE."
Amounts of payments alleged ranged from \$500 to \$25,000, including being paid by H. S. Robertson, a builder, on account of an agreement to pay Brindell \$50,000 for "strike insurance" and "labor movement information."

Witnesses said Brindell and his agents referred to these payments as "commission," "compensation," "rake-off," "our bet," "divvy" and "kick," "one berry" signifying \$1000.

Builders testified that Brindell had turned down offers of small amounts, but that he had accepted a large sum of \$100,000 for the labor leader's services, which he had accepted as a bribe.

He holds a life contract as business agent of the Builders' Union, which has a membership of approximately 4500, each member of which contributes 10 cents a month out of his dues to Brindell's salary, which from this one union alone is estimated at approximately \$30,000 a year.

Brindell's rise as a labor leader has been phenomenal. He came to New York less than ten years ago looking for work, from Providence, R. I., where he is said to have been a drug clerk. He first appeared in the local labor movement as a dock builder, having had previous experience in the construction of a member of a Quebec dock workers' union.

BUILT STRONG UNION.
While building docks Brindell began organizing the workers and built up a powerful union, one of the strongest in the country. He was later in the board of business agents, which cost him less than a year ago when the council was organized.

Since the organization of the council has had a stormy existence, many unions taking offense at its actions have been expelled from the American Federation of Labor have been expelled and a dual union sponsored by the Brindell organization has been building trade unionism in the federation threatening to suspend the federation's agents, which cost him less than a year ago when the council was organized.

GRECIAN COUP BEATEN, RUMOR.
(Continued from First Page.)

zeles has been made public, and his majority leaders speak of the restoration of former King Constantine as soon as a plebiscite is held showing that the people want him.

It is believed here, that the Allies will make known to Greece their intention not to recognize Constantine, should he be restored to the throne.

George Rhalis, former Premier, has succeeded in forming a Cabinet and the new ministry will be sworn in Wednesday. It was announced today. M. Rhalis is 60 years old. M. Rhalis, although known to be opposed to former King Constantine, added:

"It is possible that Constantine may return to the throne. In the connection the Allies should remember that he is more pro-Greek than pro-German. He is also something of a militarist."

IS RIGHTFUL KING.
"Constantine is our rightful king," former Premier Gounaris, leader of the successful party in the Greek elections, told the correspondent today, "and we expect him back as soon as a plebiscite is held showing that the people want him."

"We shall continue the foreign policy of Venizelos. We hope to keep Smyrna through an amicable arrangement with the Turks."

PLAN PLEBISCITE.
"We expect to assume the government in a day or two," continued M. Gounaris, "then we shall quickly call the Chamber and have a plebiscite."

"It was the intention of Constantine to return to the throne."

George Rhalis, former Premier, has succeeded in forming a Cabinet and the new ministry will be sworn in Wednesday. It was announced today. M. Rhalis is 60 years old. M. Rhalis, although known to be opposed to former King Constantine, added:

"It is possible that Constantine may return to the throne. In the connection the Allies should remember that he is more pro-Greek than pro-German. He is also something of a militarist."

SHIPPING BOARD WASTE IMMENSE.
(Continued from First Page.)

found no evidence of dishonesty on the part of any official of the board—but that they had done their very best to save the country from the Greek shipowners, and getting them into operation.

Testifying as to the securities found in the warehouse of the Greek trust company, he said they were intact and had been well taken care of, but he did not know why they were not in the possession of the treasurer. The securities, including Liberty Bonds, he said, represented in part, guaranteed by shipping contractors for a faithful performance of their work.

The witnesses testified owners of ships commandeered by the government in 1917 were allowed to make profits far in excess of what this country permitted in its other industries. He said ships, regardless of their age and natural depreciation, were taken on a lease contract of rental value of \$4.15 a dead-weight ton. An allowance for profit, interest on investment, allowance for depreciation, based on the wartime earning value rather than on actual value, and other items made it possible for the owners to make on the contract as high as 67 per cent.

Compared with what Great Britain allowed its ship owners on commandeered vessels and basing the computation at \$4.66 to the pound sterling, he said, it was shown that American owners received from 230 to 275 per cent more than did the British owners and the British figures continued after the United States had entered the war. These rates, he added, were fixed by the Shipping Board as it then existed.

Testifying as to enormous profits earned by ships under war-time conditions, the witness said he knew of one ship bought by a New York firm for \$200,000 on which alterations costing \$475,000 were made and which earned in six months over \$600,000.

"This ship was then sunk by a submarine," Gillen added.

Testifying as to taking over contracts of ships built in American yards, he declared it was due to the precaution of a former general attorney of the board, Joseph Cotton, that the United States was not forced to pay millions in "consequential damage claims."

SAN FRANCISCO, Nov. 17.—That United States Shipping Board activities in California were perfectly proper and "clean," was a state-

REPRISAL IS THREATENED.

Relations of Western Union With Government Strained to Point of Rupture.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 17.—Relations between the Western Union Telegraph Company and the State Department, already strained to the point of open rupture, reached a stage today where the government was understood to be considering seriously revocation of landing permits under which the company's existing cables are operated.

The power of the executive branch of the government to take such a step has never been established in the courts, but a veiled intimation of the purpose of bringing it to an issue was contained in a formal statement on the controversy given out by the State Department.

After announcing the refusal of the company to handle government cable messages except upon prepayment, or to carry messages originating outside of the United States at reduced government rates, the statement intimated that the uniform policy of the government to allow the landing of cables only on condition that the United States should be entitled to enjoy the same privileges with regard to the control and use of such lines as were exercised by foreign governments.

AUTHORITY IN DOUBT.
It was obvious, the statement added, that the United States could not be expected to allow the Western Union Company, an American corporation, to charge for government messages twice the rates charged the British and other governments.

While the nature and scope of executive authority over the landing and regulation of cables lack congressional or court definition, the present administration has taken the position that wide power was vested in the President through his constitutional control of foreign relations.

It was stated that the department's power, a legislative act of the President, was being tested by the department of the legal rights of the government has revealed that such a policy was held during the terms of Grant, Hayes, Garfield, Arthur, Cleveland and Harrison.

A contrary position was taken, however, by Secretaries Olney and Graham, and as it was held a situation might arise to test the department's power, a legislative act of the President, was being tested by the department of the legal rights of the government has revealed that such a policy was held during the terms of Grant, Hayes, Garfield, Arthur, Cleveland and Harrison.

LABOR UNIONS AFTER RADICALS

Must Eliminate Reds to Meet Menace.
Closer Co-operation With Capital Sought.
Cannot Hope to Exert Power if Foundation's Weak.

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 17.—Direct steps to eliminate radicalism from any control in organized labor and to meet the menace of increasing unemployment are being taken by the American Federation of Labor through its executive council, in session here.
Already a decisive victory over radical elements within the organization has been achieved at one point, and the far-reaching nature of the conference of the council for a week past, dealing with economic problems, appeared tonight to foreshadow some action looking to closer co-operation between labor and capital to meet unemployment.
Conservative leaders in the Federation have pounded away on the radical question for several months, insisting on a more determined stand by the controlling body, but reports of increasing unemployment have now brought that subject into a position of equal importance.
LEADERS RETICENT.
Although leaders were reticent today, it developed that there was a feeling among certain members of the council that it should deal emphatically with the attempts of radicals to bore from within. They were said to feel that conservatism must characterize labor's leadership.
This sentiment was based on two premises, first that organized labor cannot hope to exert great power in ensuing years if its foundations are weakened by the permeation of certain radical doctrines, and second, that the next administration will be conservative. As to the latter it was said in some quarters, labor could gain little from the new Congress unless it established policies of a conservative nature.
UNIONIZE STEEL WORKERS.
In the reorganization of the committee to unionize the steel workers the conservative element showed its strength. It eliminated from the committee John J. Fitzpatrick, chairman, and William Z. Foster, secretary, both of whom participated in the direction of the steel strike last year and which clustered intimates and outspoken radicalism. Fitzpatrick was replaced by M. F. Tigue, a recognized conservative in labor policies, and Foster gave place to J. G. Brown, also a known conservative.
President Gompers of the Federation has declared against the unrestricted admission of radicals from Europe on several occasions and the Federation itself in having no intercourse with foreign labor groups of a radical turn.
TO CHECK IMMIGRATION.
Federation leaders expect to go before the Congressional committee at every opportunity, to check the rush of immigrants from radical sections of Europe and Asia. Increased restrictions will be urged, it was said.
Immigration has a bearing on the question of unemployment, recognized by the labor men to be increasing at a rapid rate. The situation was characterized by several labor officials today as somewhat alarming and they felt that the council should take steps to deal with it.

ORGANIZED ARMENIAN DEFENSE AT ADANA.
PRESNO MAN NOW IN DAMASCUS, SAYS ANNOUNCEMENT BY NEAR EAST RELIEF.
(BY A. P. NIGHT WIRE)
NEW YORK, Nov. 17.—John Shishmanian of Fresno, Cal., former member of the Kentucky National Guard, who was reported to have been hanged by the French at Adana, but whose release was announced yesterday by the Near East Relief, was credited with having organized the Armenian defense of Adana.
When the French recently decided to disarm the Armenian forces at Adana, he was placed under arrest together with other officers of the Armenian forces who were unwilling to know their military disarmament.
Shishmanian now is in Damascus, the Near East Relief announced. He was said to have been in France and Mesopotamia previously.

COMB-SAGE TEA INTO GRAY HAIR
Darkens Beautifully and Restores Its Natural Color and Luster at Once.
Common garden sage boiled into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.
While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. [Advertisement.]

JEANNETTE RANKIN IS GIVEN NEW JOB.
(BY A. P. NIGHT WIRE)
HELENA (Mont.), Nov. 17.—Miss Jeannette Rankin of Montana, the first woman to sit in the United States Congress, has been appointed field secretary of the National Consumers' League, of which Newton D. Baker is president.
Miss Rankin, it is announced, will devote herself to promoting legislation for the protection of wage-earning women and minors.

GERMANY MUST IMPORT GRAIN.
(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, Nov. 17.—An official inventory of the visible supply of grain tends to show that Germany will be obliged to import 1,600,000 tons of wheat, rye, corn and barley in order to safeguard the nation's bread supply up to next mid-summer. Germany, says the inventory, has been obliged to pay prices ranging from 4000 marks to 7000 marks per ton for foreign grain in past months, and unless the market shows a pronounced improvement, or the government is able to provide ample credit in the near future, the quota of wheat to be purchased abroad will cost 12,000,000,000 marks.

WHEN RHEUMATISM HITS YOU HARD!
Sloan's Liniment should be kept handy for aches and pains.
WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, sciatica, or lumbago to make you quit work, when you should have Sloan's Liniment handy to help cure it and keep you active, and fit, and on the job?
Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment could not keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest is the most economical. 35c, 70c, \$1.40.

GRAND OPERA SEASON OPENS IN WINDY CITY.

REPRESENTATION OF "JAQUERIE" WITH COMPOSER DIRECTING FEATURE.
(BY A. P. NIGHT WIRE)
CHICAGO, Nov. 17.—The Chicago Grand Opera Company opened a ten weeks' season tonight with the first presentation in America of Gino Marinuzzi's opera, "Jaquerie," with the composer, who is the new musical director of the company, directing.
The opera is the story of a French peasant's revolt against oppression. Yvonne Gail sang the role of Isaura, the peasant bride, with Edward Johnson as Masure, the brigand.

WASHINGTON, Nov. 17.—Temporary admittance to the United States was granted by the Department of Labor today to George Baklanoff, Russian baritone of the Chicago Opera Company, who, on his arrival from Europe last Friday, was detained at Ellis Island and ordered deported by a special board of inquiry.
The respite from the deportation order will be for three months and was issued, the department said, to allow Baklanoff to fill his engagements with the opera company, and also to allow investigation of his case.
Baklanoff was arrested in Chicago early in the year on complaint of Mile. Elvira Amasar, a Russian soprano, who charged that the baritone brought her to America on promise of marriage and that later she learned he had a wife and children in Russia.

BAIL CHILDREN FREE.
Case Against Mother on Bad Check Charge Now Off Calendar.
Two children of Mrs. Elizabeth Ryan, who in effect were put up as bail for the reappearance of the defendant in court, were released yesterday by Justice Hinshaw when he granted a motion of Dep. Dist. Atty. Fitts to take the case against Mrs. Ryan off calendar.

CREDIT PORTER WITH PREVENTING ROBBERY.
(BY A. P. NIGHT WIRE)
SALINA (Kan.), Nov. 17.—Dave Turner, porter on a sleeping car, is given credit for the failure of the bandits who held up Union Pacific train No. 44 near Denver last night, according to members of the crew arriving on the train in Salina.
Turner, they said, had been lined up with the other trainmen, but when the bandits headed for the mail car, he dove under the train, obtained a gun and began firing. The bandits then fled. Passengers bore out the story.

TWO-YEAR SEARCH FOR SLACKER ENDS.
(BY A. P. NIGHT WIRE)
CHIPPewa FALLS (Wis.) Nov. 17.—Louis Krueger, for two years sought by Federal authorities as a draft evader, was arrested today. Leona Krueger, his wife, and two brothers of the man arrested today, are serving life sentences in the Wisconsin State Prison for the slaying of Harry Jensen, a member of a posse which sought to arrest the Krueger brothers at their farm near Owen, Wis. Louis Krueger was not involved in this shooting, the authorities say.

WHEN RHEUMATISM HITS YOU HARD!
Sloan's Liniment should be kept handy for aches and pains.

WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, sciatica, or lumbago to make you quit work, when you should have Sloan's Liniment handy to help cure it and keep you active, and fit, and on the job?
Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment could not keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest is the most economical. 35c, 70c, \$1.40.

THURSDAY MORNING, NOVEMBER 18, 1920.—PART II: 10 PAGES.

POPULATION 4,000,000

WOMEN ON ANNUALLY JURY.

Kill Defendant Tule of 'Em.

Will Know Why Mrs. Ferguson.

Brief Insanity Defending Home.

Three men were yesterday afternoon at Judge Craig's court to see if they could be sworn in as jurors.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

They were all men, and all of them were from the same place.

DISHONESTY CHARGED BY SUING WIFE.

Declares Wealthy Ranchman Guilty of Petty Trickery; His Side of it Not Told.

Mrs. Blanche Warren Cannon, a high school teacher in Montebello, who yesterday brought suit for separate maintenance against Burton Eugene Cannon, a wealthy rancher, experienced a rude awakening after marriage when, as she states, her husband practiced "petty acts of dishonesty."

Mrs. Cannon says she was reared in a family of five children "whose parents always taught them that honesty was a virtue to be practiced and that honesty was the only way to get ahead."

She says that her husband knew of her abhorrence of dishonesty before he married her, but notwithstanding this he "practiced petty acts of dishonesty" from the very beginning.

When she protested he laughed or grinned and told her not to be a fool, she says. He also said, "If the good Lord wants to give you something, don't be above taking it."

Mrs. Cannon says she was shocked that her husband's acts put her in fear of public disgrace and that he is dominating and egotistical and penniless when it comes to spending money for the benefit of his wife.

Complaining with her husband's desires, Mrs. Cannon irrefragably declared yesterday to ascertain his version of the domestic difficulties.

The Cannons were married in Redlands, June 21, 1911, and separated June 28, last. They have no children. They own property at Hemet and Redlands. The complaint was prepared by Attorney Henry M. Willis.

DENIES SERVICE SHIRKER CHARGE

Man Accused by Kin Father Slew Nettled as Slack.

Parent Says Killing Not an Effort to Hush Exposure.

Rich Giroux Family Involved in New Sensation.

Strongly affirming his innocence, Louis D. Giroux, son of Joseph L. Giroux, mining man who shot and killed his son, George L. Giroux, at Marquette, Nev., a few months ago, declared last night following his arrest on a charge of being a draft evader that he did not avoid military service, nor did he seek to elude Federal authorities.

At the same time his father stoutly denied the report that he killed George Giroux because the latter filed charges against Louis. Following his arrest yesterday Louis was released on \$500 bail furnished by his father.

The accused youth said last night at the family residence, 1777 Carman avenue, that he registered at Goldfield, when called upon to do so, and later volunteered in the Student Army Training Corps at the University of Nevada in Reno. From there, he said, he was sent to the Presidio, and was taken into the Fortieth Artillery at Fort Scott, where he was sent to Camp Upton.

His father, Joseph L. Giroux, who is a well-known mining man, declared that the armistice was signed, he declares.

"As for my having dodged Federal authorities from that date to this, there is nothing to it," said Louis Giroux last night. "I have been in the army for several weeks. Before that I was on a summer vacation and for ten months after being discharged from the service I operated one of my father's mines near Bishop. I ran away from my father's mine, and they could have caught me in long ago had they made a real effort."

The father, Giroux, was emphatic in his declaration that he had no part in the killing of his son. He said that he was in Nevada at the time of the killing, but he did not demand hush money.

George continually hounded me for money, he declared, and he said that he did not use Louis as a club over my head. Once he asked me where Louis was, and he told him. George persistently sent me threatening letters to get large sums of money from me, but he simply made his demands on the ground that he wanted the money, and never on the assumption that he was threatening to kill me.

"I killed George because he kicked down my door and came in and threatened to kill me, and making more threats shortly after I gave him \$25,000 as a final gift."

Mr. Giroux says that a year ago, George came down from Nevada and lived on West Adams street in Los Angeles for several weeks, and that while he was here he wrote several threatening letters to members of the family and was frequently seen skulking among the trees and shrubs at the family residence on Carman street, where it was believed by members of the family he was trying to get a shot at the father.

Federal authorities say that before his death George Giroux made a statement to the effect that his half-brother, Louis Giroux, failed to register in 1917, and that their father threatened to kill him (George) if he ever informed on his brother.

George L. Giroux is also said to have given the information that Louis Giroux was born in Jerome, Ariz., June 25, 1898, and to have referred to the official records of the Church of the Sacred Heart, in Prescott, for the truth of his allegation. Authorities suspect that Louis failed to register in 1917, but that he did so in 1918, and was taken into the service.

The accused youth said last night that he was not of age until September, 1918, and that he went into the service shortly after that date.

McFIE SCORES PORT DELAYS.

Urges Confirmation of Salt Lake-City Agreement.

Says Government Aid for Port is in the Balance.

Hints at Grand-stand Plays by Council Members.

Characterizing the City Council's delay in confirming the Salt Lake agreement with the city on the subject of the new channel of the harbor as "another deplorable exhibition of petty politics," Mayor McFie, president of the Chamber of Commerce, yesterday vigorously denounced the failure to ratify the agreement, and said that the present tactics are resulting in straining the harbor and nullifying the earnest efforts of the community builders to bring Los Angeles into its destiny as a world trading center.

"It certainly is to be hoped that when the Salt Lake contract is brought before the Council at 1 o'clock Friday, that the agreement will be signed," he said. "For nearly two years the \$150,000 of government appropriation has been waiting the signing of this agreement, so that work can begin. A dozen times in the past six months the people have been led to believe that differences were ironed out and this needed of harbor improvement could be brought about. On every occasion someone has appeared to interpose new objections, which have proved irrelevant and insignificant, and which have served only to delay the widening of the channel that has been needed for years and which should have been started four years ago."

"When the government board of harbor commissioners, the city recently, the Chamber of Commerce, Harbor Commission and other well-wishers of the city were placed in the humiliating position of having to admit that we were unable to accept the aid of the government in developing our harbor because of internal squabbling on the part of our Councilmen."

The contract in its present form has been declared to be eminently fair by engineers, business men, shipping men and others of reputation in the community. The Salt Lake is giving up its most valuable land to the city for a lease on land in another harbor, the harbor, it is dependent on future growth of Los Angeles for recompense.

The people showed at the last election that they were sick of the rap and petty politics surrounding harbor matters and voted to remove the question of harbor matters from the jurisdiction of the Council. Even with this hint held in their teeth, there are certain members of the City Council who are clinging to the threadbare grand-stand play to the gallery idea of the winning personal popularity on the plea of saving the people.

"Every hour of delay is lessening our chances of future government aid in harbor development. We have absolutely ignored the appropriation made two years ago for our benefit while we were at the salt lake, and the City Council will stand by and watch our Councilmen squabble over technicalities."

The people showed at the last election that they were sick of the rap and petty politics surrounding harbor matters and voted to remove the question of harbor matters from the jurisdiction of the Council. Even with this hint held in their teeth, there are certain members of the City Council who are clinging to the threadbare grand-stand play to the gallery idea of the winning personal popularity on the plea of saving the people.

TURKEY :: AND :: "FIXIN'S" :: TUMBLE.

Prices Take Toboggan, Giving New Cause for Thanksgiving.

What Your Thanksgiving Dinner Will Cost You This Year.

HERE'S a real reason for Thanksgiving, Turkey and all the Thanksgiving fixings, from soup to the nuts and hard candies which wind up the feast, will be cheaper this year than last, and there will be no need for substituting roast pork or lamb for the national piece de resistance by way of economy, P. M. Young, head of Young's Market Company, declared yesterday.

The succulent turkey will be with in the reach of the most modest pocket book, declares Mr. Young, for fine corn-fed turkeys, which were bringing 60 cents per pound at retail last year, will be retailing around 55 cents per pound this year. As for celery, sweet potatoes, potatoes, nuts, candy and fruit, they will all be about 10 per cent cheaper than they were a year ago. Cranberries probably will not be any lower in price, but the quality this year will be much better than those of last year, compensating for the fact that prices for this commodity have not declined to any extent.

"In fact," said Mr. Young yesterday, "some things are selling lower than they should be under the circumstances. This condition, however, is due to the fact that we now have a buyer's market rather than a seller's market. Prices are too high, and therefore the retailer is unable to pass on the cost of the goods to the consumer. People refuse to buy if they believe prices are too high, and therefore the retailer is unable to pass on the cost of the goods to the consumer. People refuse to buy if they believe prices are too high, and therefore the retailer is unable to pass on the cost of the goods to the consumer."

The turkey crop this year is a big one and the birds which are now appearing on the market are of unusual quality. But local merchants this year are going further afield than usual to get their turkeys, obtaining many of them from Kansas. This is due to the fact that while the Imperial Valley crop is large, and the turkeys raised there are of good quality, the prices are said to be demanding high prices, and it is more profitable for local merchants to have turkeys shipped by express from Kansas, carefully packed and loaded, shipped in this manner, he said, and he added that the consumer is charged less out of proportion. Potatoes are seven pounds for a quarter instead of five pounds. Lettuce is a little cheaper than it was. So is cauliflower. But the market is rising on these items. There have been few recent changes in staples, and it is probable the next analysis will show very little difference in the cost of food products over that prevailing for the past several weeks. Dealers claim, however, that the trend is downward and that a new level

The People and Their Daily Troubles

Guilty Love Takes Its Toll In Tearful Tragedy.

By Jane Dixon.

"When a man and a woman break the moral law, together, each is equally guilty."

A wife and mother, on trial for shooting to death her neighbor and lover, last night was characterized by her counsel as a woman of good character.

Her companion in guilt is gone, slain, silent.

It would be easy, and in accordance with the first law of nature, which is self-preservation, for this woman to shift the burden of blame to the shoulders of the defenseless.

The fact she does not do so proves we are getting on and up.

Fair play is restoring the balance from the eyes of justice.

It is brought out in evidence of the tragedy in which this particular woman has snatched herself from the paramour, having won his way into her home and heart by means of gifts and attentions such as appeal to the fancy of a foolishly romantic femininity, refused to be dissuaded, revised.

When motherhood sought to put its soiled hands and pull about itself the white garments of decency, she was there to faint and swoon and threaten and command.

The male sinner took no stock in weakened conscience.

The fact that the woman's husband unceremoniously avoided him and readily objected to his continued calls only served to aggravate determination.

Perverted, venom, cunning, urged the proacher to keep his quarry struggling in the trap.

At this point the woman's declaration of an equal percentage of guilt for the man and herself is somewhat revised.

"But if either one or the other (man or woman) wishes to cease sinning and live straight, the one who prevents such a move assumes double guilt."

Double guilt?

Yes, double and triple and quadruple.

To constrain our own soul to perfection is but enough. But, after all, it is our own soul.

To deliberately drag down another and striving to deliver himself from the pit is fastidious.

Somewhat we cannot but feel the drop of punishment must be borne as hot for the double deserter.

As has been written before, Guilty love takes its toll in tearful tragedy.

"Our Women."

MAKING MORE MONEY.

New York Woman Builds Up Fine Business Answering All Sorts Of Foolish Questions

EVERY one in the world is curious. Everybody wants to know things and it isn't always easy to lay your hand upon the information. Therefore, why not start a business, the object of which would be to eliminate the question mark?

Such was the reasoning of Mrs. Charlotte Shaw when, after the death of her husband, she was brought squarely up against the problem of earning her own living. It was true that, before she had been married, Mrs. Shaw had been a stenographer—but she did not care to retrace that old, except as a last resort. Straight stenography, she figured, gave promise of only a limited future, while her knowledge of the business world told her that there was always a market for information of all kinds.

Her start was naturally along a very narrow path, but it was not many weeks after she had told her friends and acquaintances of her new venture before Mrs. Shaw began to receive all sorts of puzzling inquiries.

"Some of these are," she confessed later, "needed to me to have been torn of nothing but the attempt to prove that I could not answer them."

But this didn't bother her. I had access to thousands of newspaper clippings and one of the finest libraries in the world, and so long as people were willing to pay for information, I was willing to get it for them—regardless of whether it seemed pertinent or otherwise. These strange queries still continue to drift in, but they are far outnumbered by the serious requests for the preparation of book-lets of all kinds, the writing of special articles, or the location of photographs dealing with unusual subjects.

Yes, the work is fascinating, but what's even better, it's a quite lucrative one. Mrs. Shaw has her own office in New York and it is her proud boast that the question has yet to be found which will stump her organization.

The best paid army during the last war?

A. According to statistics which have been compiled, the Australian government paid its soldiers the best salaries during the World War and the United States was second on the list.

Question: Why is the word "picnicking" spelled with a "k"?

Answer: The letter "k" was introduced into the word "picnicking" in order to harden the sound of the "c." If the word were spelled "picnicing," the "c" would be soft, and pronounced like an "s," since it would be followed by a vowel.

Q: How far is the star "Polaris" from the true celestial pole?

A. The pole star is now about 1-4 deg. distant from the true

celestial pole. In the time of Hipparchus, it was 13 deg. distant, and it is estimated that by A. D. 3000, through the procession of the equinoxes, the pole star will be less than 1/2 deg. distant.

Q: Is there such a thing as a varnish tree?

A. This name is given to several trees because their resinous juice is used for varnishing or lacquering. India, Japan, Java, Sumatra, Borneo, Celebes and other East Indian islands are the homes of these trees.

Q: Has any substance been found which is absolutely cold?

A. The Bureau of Standards says that heat is a property possessed by all known substances. Heat and cold are ordinarily used as relative terms. A cold body possesses less heat than a hot one. Absolute cold would be found at the absolute zero of temperature, which has never been reached in scientific researches. At this temperature, all known gases would cease to exist as such, and be changed to liquids or to solids.

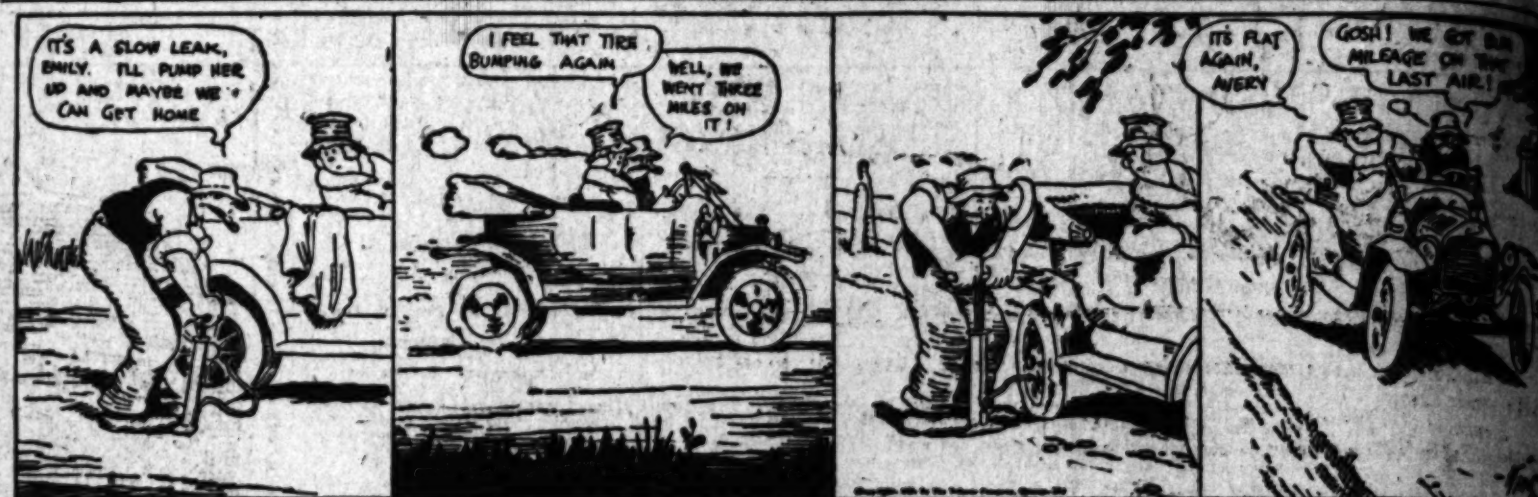

Q: What causes bread to be stunk?

A. Stunk bread may result from one of several causes—unseasoned and kneaded, starting baking with oven too hot, setting dough in too warm a place, crust formed in first rising. The first reason is the usual one and can be remedied by careful and thorough mixing and kneading of the dough.

Q: What are the days of the week named after?

A. The days of the week were named after the following: Sunday,

GASOLINE ALLEY—THEY'LL MAKE IT IF AVERY'S WIND HOLDS OUT

IT'S A SLOW LEAK, ONLY I'LL PUMP HER UP AND MAYBE WE CAN GET HOME.

I FEEL THAT THIS BUMPING AGAIN.

WELL, WE WENT THREE MILES ON IT!

IT'S FLAT AGAIN, AVERY.

GOSH! WE GOT AN ALLEY ON THE LAST AIR!

statement let me tell a little personal experience. So far as anyone can tell I am a perfectly good woman, but the other day I went into one of the most exclusive booteries downtown to get me a pair of Oxfords. I was decently and respectfully clad and when I went in a status waved his hand magnificently at me and I was blown on to another spot where another statue lifted his hand—three times this thing happened until I was safely settled in a beautifully upholstered chair and waited in harmonic silence for at least five minutes when a pale, dyspeptic, creature came to wait upon me. Can you imagine it taking three perfectly able-bodied men to seat one perfectly able-bodied woman who was crippled neither in her head nor her feet?

Well, I told the man I would like a good-looking pair of dainty Oxfords for general wear. He brought me a wide toed, flat-heeled pair of sport shoes—just one pair—and then said he would call Mr. Smith who would very likely know just what I wanted. I repeated my wish to Mr. Smith, who brought two pairs back—one was \$19—they fit beautifully, but I remarked I did not think I could afford such a price, when Mr. MacLennan, the good woman appearing to me more than the bad one is very amusing, but I am much afraid the gentleman does not know his subject, and to refute his

LETTERS TO "THE TIMES"

Doesn't Pay to be "Good."

LOS ANGELES, Nov. 12.—[To the Editor of The Times:] The letter in yesterday's Times from Mr. MacLennan about the good women appealing to me more than the bad one is very amusing, but I am much afraid the gentleman does not know his subject, and to refute his

All Night Long

Film acids may attack your teeth

There is a film on your teeth and between your teeth which brushing does not end.

It wrecks millions of teeth. It films white teeth, attacks sound teeth, and leads to countless ill effects. Most tooth troubles are now traced to film.

The film when fresh is viscous—you can feel it with your tongue. It clings to teeth, enters crevices and stays. Night and day, if not removed, it may do ceaseless damage in these ways:

What Film Does

Film absorbs stains and makes the teeth look dingy. It is the basis of tartar. It holds food substances, which ferment and form acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with bacteria, are the chief cause of pyorrhea. Also of other serious troubles, local and internal.

It must be fought

Dentists long have realized that this film must be fought. Tooth troubles have been constantly increasing, for old brushing methods left much of the film intact.

Dental science has for years sought effective methods, and they have now been found. Able authorities have proved them by many careful tests.

Leading dentists everywhere advise them.

Now these methods are combined in a dentifrice called Pepsodent. Millions of people have already adopted it. And a 10-Day Tube is being sent to those who do not know it.

Also aids nature

Pepsodent also aids Nature in some important ways. It aids the digestion of starch on teeth, which otherwise clings and may form acid. It increases the alkalinity of the saliva, to neutralize the acids which cause tooth decay.

These effects are natural and needed. Proper diet, rich in acid fruits, would bring them. But constant proper diet is quite rare. So high authorities agree that the tooth paste should twice daily apply this stimulation.

Five Desired Effects

- Each use of Pepsodent brings these five desired effects:
- 1—A multiplied salivary flow.
 - 2—Multiplied starch digestion in the saliva, to digest starch deposits that otherwise cling and may form acid.
 - 3—Multiplied alkalinity of the saliva, to neutralize the acids which cause tooth decay.
 - 4—A two-fold attack on film.
 - 5—High polish, so film cannot easily adhere.

Pepsodent

The New-Day Dentifrice

A scientific film combatant which brings five new and much-desired effects. Approved by authorities and now advised by leading dentists everywhere. Supplied by all druggists in large tubes.

We Send A 10-Day Tube

Simply mail the coupon for a 10-Day Tube of Pepsodent. Watch the delightful effects. See how white your teeth look, how clean they feel, in a week.

Pepsodent will quickly prove to you that it is a new and unique dental fact. The book we send will tell you more about it.

Soon you will realize that brushing, whitening, cleaning, softer than ever. You will know that this new dentifrice brings you new protection.

To women it means more beautiful teeth. To men who smoke, less staining. To all, old and young, it means real teeth cleaning as old ways do not bring. You must people daily know this already. Write for your set.

From Banker to Newsboy everybody welcomed us

The afternoon itself is worth while—those swift, delightful hours, by rail or motor along the seashore or through orange groves—with cordial greetings and welcome at the San Diego-California Club, maintained for your comfort and advantage at San Diego, Southern California's sparkling city by the sea.

Within the year, thousands of families who have won a competence in the battle of life have selected San Diego, California, for their permanent home. They all have found this immediate fellowship, this spontaneous, but intelligent and well-directed hospitality that impresses one as a natural and delightful development in a city of year-round sunshine and flowers, by the warm Pacific.

The San-Diego California Club, which represents in its pleasant undertakings the entire population of the city, extends this welcome. You will feel it when you're motoring over superb boulevards along the ocean shore or through upland valleys and mountain passes, when you are golfing or surf-bathing, visiting the Old Missions or enjoying

the latest conveniences and attractions of the downtown business and shopping district.

Hotel accommodations are ample and modern.

To live where every day is filled with new recreations and interests, and there's abundant health and energy in the warm sea-breeze,—that is what life will mean to you all the year at

San Diego California

Bullock's Closes Saturday at One o'Clock
Every Saturday Throughout the Year

Verily, though, one receives more than a "hint of Yuletide" when one enters Bullock's—these days!

Seemingly everything has been done to make the Christmas Shopping of the people of Southern California a greater pleasure than it has ever been before!

Bullock Stocks

immense articles that should prove most delightful Gifts for Men, Women and Children—Gifts that are simple and inexpensive or more elaborate Merchandise that is, nevertheless, of worth—value. With no exaggeration it can be said one can supply every gift without leaving Bullock's.

And to facilitate Christmas Shopping at Bullock's Special Features and Shoppers' Aids have been planned among them:

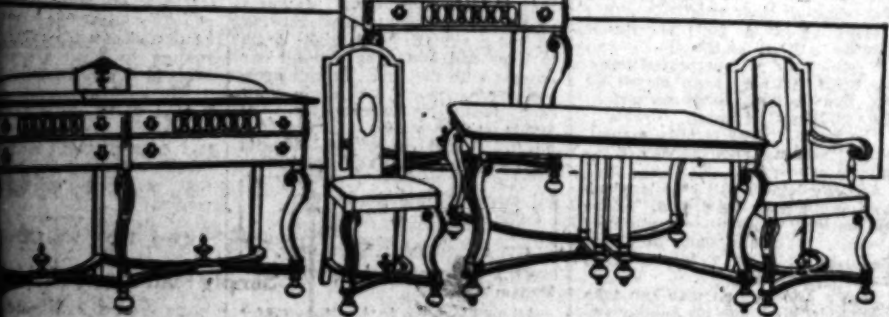

Gift Granny

One might say, rather, that Gift Granny has been Bullock's and every person of Southern California who is willing to be adopted!

One of the greatest worries of Christmas Giving Gift Granny has eliminated; the worry of wondering just what would prove most acceptable!

You give (secretly) to Gift Granny the names of those to whom you wish to give. She writes them, asking them just what they wish for Christmas—and when they tell her—she tells you!

Gift Granny's services are without charge. You'll find her in the Chimney Corner—on Bullock's Third Floor.

10-Piece Louis XIV Mahogany Dining Room Suite at \$715.00

Featured Thursday, the Second Day of Bullock's Three Day Furniture Sale—a Sale whose very first day of selling marked it for an Event of startling Value-Unusuality. Nor do these Second Day Sales decrease one bit in the Savings made possible.

And coming now, when one's foremost thought are of Christmas Giving—would it not be well to meet this offering, also, with the Christmas Thanks?

The Solid Mahogany Suite of the heading is splendidly finished; a suite of beauty and charm; value is priced \$168.50—Extension Table, \$168.50; Side Table, \$93.50; Arm Chair, \$56.50 and the Chair \$45.00 each; complete \$715.00. A remarkable value.

Mahogany Wing Rocker, \$30

It's an offering that makes possible the procuring of a most delightful gift. The chair is upholstered in mahogany finish—rich cane seat and back, priced for Thursday at \$30.00.

Link Fabric Spring, \$10

A splendid spring—4 ft. 6 in. wide, with 6 coils—guaranteed to give good service; a sturdy value at \$10.00.

6-Piece Brown Mahogany Adam Bedroom Suite, \$1005.00

A beautiful suite with wonderful inlaid work—making it a most astonishing value at \$1005.00. Bed, \$195.00—Bureau, \$280.00—Chiffonier, \$170.00—Vanity Dresser, \$260.00—Bench, \$105.00—Chair, \$55.00; complete, \$1005.00.

"Gifted Gifts for this Christmas!" A phrase that many have adopted as their Christmas Slogan. And you can imagine more useful Gifts than these listed above and specially priced Today, Tomorrow and Christmas Morning—on Bullock's Seventh Floor!

700 Yards 27- to 45-inch Widths Imported Black Chantilly Laces \$3.50 Yard

the good news, for Thursday, at Bullock's! Indeed, this is better than merely "good" news—it is a wonderfully splendid news, coming, right now, when Black Lace is used to fashion the most charming and evening frocks; when the loveliest blouses are made of it, likewise beautiful and elegant with heads, metal cloth, velvet, fur.

The Bullock Importation of Black Chantilly Lace is pure silk; in it are reproduced the conventional and wonderfully lovely patterns, wrought first by the deft fingers of the peasants of Champagne, France.

And now this black silk lace, in these designs, is at Bullock's—at a price that is all but unbelievable, so low is it!

Introduce lace, then—to be shown Thursday for the first time. Laces of which to make the loveliest blouses and hats that you will need for the festivities of Thanksgiving and Christmas and New Year's.

—Bullock's Lace Store—Second Floor—Thursday—

SOCIETY.

BY VIRGINIA WOODS.

For Congressman Hicks.

The dinner that Mr. and Mrs. Dean Mason are to give on Wednesday evening next in honor of their brother-in-law, Congressman Frederick Hicks, promises to be an important event, as a company of distinguished folk have been invited to meet him.

Congressman Hicks will arrive here Monday on the U.S.S. New Mexico with the Congressional Committee on Naval Affairs.

For Bride-elect.

Miss Florence Lowe is to be hostess at a tea tomorrow afternoon at the home of her parents, Mr. and Mrs. Thaddeus Lowe of Pasadena, and Miss Catherine Jardine, who is to marry Mr. Andrew Jackson Post of New York, November 27, is to be the guest of honor.

There are to be forty guests, all Los Angeles and Pasadena girls in the debutante set. Miss Lowe's engagement to Rev. C. Rankin Barnes was recently announced and the marriage is to be an event of early January.

Mr. and Mrs. Huntington.

Mr. and Mrs. Howard Huntington are to be hosts at a dinner party on Monday evening.

By Miss Welsh.

Miss Marjorie Welsh is to be a luncheon hostess on Friday at the California Club, her guests going later in groups to the Philharmonic concert. She is to have a company of twelve.

Dinner Club.

The dinner club of twenty-five matrons, which figured so prominently before the war, and which was revived last year has organized again and will give their first dinner followed by a dance at the Los Angeles Country Club on the evening of December 1. Their next affair will be given in the clubhouse. Various matrons entertain different groups and later they all assemble to dance at the club. In this group are Mrs. Hancock Banning, Mrs. George J. Denik, Mrs. Russell McDowell Taylor, Mrs. Allan C. Birch, Mrs. Edwin T. Earl, Mrs. William May Garland, Mrs. Robert I. Rogers, Mrs. Sidney I. Wallace, Mrs. Harry Robinson, Mrs. Rae Smith, Mrs. William S. Hook, Jr., Mrs. Godfrey Holter, Mrs. Frank Holter, Mrs. Ernest A. Bryant, Mrs. E. Avery McCarthy and Miss Louise Burke.

For Mr. and Mrs. Bailey.

James G. Bailey, Charge d'Affaires of the American Legation in Rumania, and Mrs. Bailey, are coming for an evening affair being arranged by their brother-in-law and sister, Dr. and Mrs. Henry J. Lissner, for Sunday. Dr. and Mrs. Lissner are also planning a tea in their honor as well as several dinners.

Mrs. Kling Leaving.

Mrs. Charles Potter Kling, who has been visiting her brother, William A. Clark, Jr., the past fortnight, is to return to her home in New York on Monday. It was at the Mary Louise tea room.

To Compliment Visitor.

A matron from San Francisco, visiting here in Mrs. James Russell Searle, who was the motif for a luncheon given yesterday by Mrs. Harry Dana Lombard at her home in Beverly Hills.

Dinner-dance.

One of the largest events in society of the week, the dinner-dance given at the Los Angeles Country Club last evening by Mr. and Mrs. James R. Burns and Mrs. John P. Bannister. There were 160 guests seated around seven tables, and the dancing was by Mr. Burns and Mrs. Bannister each presided at a table while at the head of others were Mr. Baldwin, Mrs. William I. Hollingsworth, Mrs. Forrest Q. Stanton, Mrs. Guy L. Culver and Mrs. Maude Baldwin.

Attractive Tea.

Miss Mary Gray was a lovely young hostess yesterday at a tea given for members of the Junior Auxiliary. Assisting her were Misses Adelaide Duque, Florence Marsh and Margaret K. King.

Dr. Lydenum.

Dr. Frank Lydenum of Chicago, formerly professor of surgery of the State University of Illinois is in Los Angeles for a visit of several weeks.

Mr. and Mrs. Smith.

Dr. Howard Carlton Smith will arrive Saturday from Providence, R. I. planning to make his home with his brother and sister-in-law, Mr. and Mrs. F. Lee Smith, who are to spend the winter in Santa Monica at 1228 Sixth street. In the spring they expect to build a Spanish bungalow.

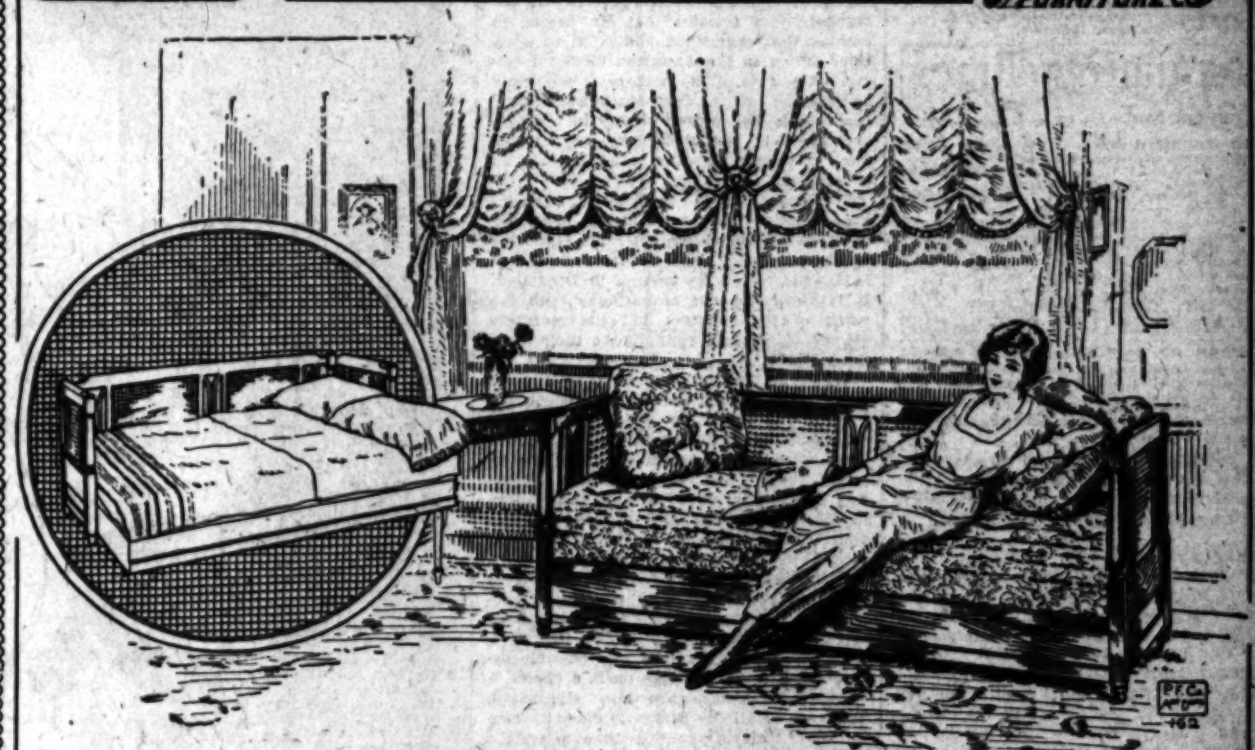

Fortune in Bond.

MONEY FORFEITED.

RELIEVE CONVICTED ORIENTAL DRUG PEDDLER HAS FLED TO MEXICO.

In the belief that he has fled to Mexico, the \$10,000 bond of Dr. Henry Ching, the South Broadway herbalist, who was recently convicted in the Federal courts on a drug charge, was declared forfeited yesterday by United States District Judge Bledsoe.

Pasadena Furniture Co. Ten Floors in a Location That Enables Us to Sell for Less **Pasadena Furniture Co.**

A Full Size Bed and Handsome Davenport Combined

A New Davenport Bed that is a Good Looking Piece of Furniture

Here is a bed davenport that is first of all a really handsome, comfortable davenport. In the newest Period style adaptations.

The bed feature is so successfully concealed that no one would ever dream that such a luxurious looking piece contained a practical and extremely comfortable bed.

This marks the most advanced step in the progress of furniture manufacture accomplished in recent years. In accepting the agency for this wonderful yet simple device the Pasadena Furniture Company feels that it is promoting the movement for better furniture and better homes.

Under our system of buying direct from the manufacturer and selling under low overhead expense, we are able to offer this new davenport bed at a very economical price. In fact, we have seen davenports without this bed feature that were not equal in style at higher prices than we ask for this davenport with bed and mattress complete.

An Artistic Piece of Furniture by Day

For daytime use as a full size davenport this splendid piece presents an appearance that makes it desirable for use in the very finest surroundings. The framework is finished in mahogany with panels of cane. The upholstery is soft and deep and coverings of your own selection can be used to carry out any desired color scheme.

No Complicated Parts to Adjust

This Davenport extension bed differs radically from the usual bed davenport in that the springs do not roll up or unfold. There are no catches to get out of order or stick and the framework is not affected by constant use of the bed feature. The mattress is separate but does not have to be removed or folded inside. A slight pull with one hand brings the bed into position for use.

Special Introductory Prices

We guarantee this Davenport Extension Bed to give entire satisfaction. As soon as its merits become generally known it will be the most popular article for home use and comfort ever devised.

In order to increase our distribution and get many in use quickly we are making a special introductory discount for a short time. We advise you to see this davenport at once so that you can take advantage of the special prices if you decide to purchase.

MISS RICH WEIGHED BUT NINETY-SEVEN POUNDS

Tanlac Builds Her Up So Wonderfully She Passes Civil Service Examination and Receives Federal Appointment.

up, for it was impossible for me to study, and in fact all I could think about was the wretched way I felt. I had no appetite, and even the little managed to eat kept me in constant misery. I never knew what it was to sleep well or get any rest, and was so weak I could hardly get around the house.

"My brother from Sparks, Nevada, came to visit us, and as he saw me he declared I must have some Tanlac, for he said it had helped him wonderfully. Well, I have a splendid appetite now, and since taking five bottles of the medicine my troubles have entirely disappeared, and I have gained ten pounds in weight besides. Why, I have taken the Civil Service examination and received a Federal appointment in the Los Angeles Post Office, and am working every day. I simply can't praise Tanlac enough for my wonderful health, and will always recommend it every chance I get."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—(Advertisement.)

MERCHANTS VOTE FOR OPEN SHOP.

**Pasadena Organization Adopts
Resolutions.**

**Vandals Rob Red Cross First-
Aid Boxes.**

**Rotarians Back Boy Scouts'
New Project.**

PASADENA, Nov. 17.—The Pasadena Merchants' Association has declared for the open shop in industry. The association went on record at the annual meeting, just held, by adopting the following resolutions:

"Resolved, that we unalterably disapprove of strikes or lockouts which in any manner interfere with the peaceful enjoyment of the rights and privileges of the general public. That we uphold the right of every person to seek his service or to purchase the services of others, unhampered in any form or manner."

The resolutions were adopted after a discussion, during which a motion to table the resolutions was voted down by a large majority.

H. A. Miller, W. A. Barnes, H. L. Barger, George V. Barker, E. L. Paulsen, E. H. Munson, John Barnett, H. L. Dickson and George F. Warrick were elected directors for a year.

WOMAN BADLY BURNED.
Her dress catching fire from an open gas heater, Mrs. C. B. Shriver, 518 North Catalina avenue, was seriously burned today. Her condition is very grave. Mrs. Shriver came here recently from Philadelphia to spend the winter.

STEAL FIRST-AID KIT.
A first-aid kit installed by the Red Cross at certain street intersections and public gathering places in Pasadena, for use in case of accidents, have been stolen from their places. Much indignation has been expressed in the city by this vandalism.

As a result the Boy Scouts will make regular inspections of the new kits to be set up.

ROTARIANS BACK BOYS.
The Pasadena Rotarians will back the Pasadena Boy Scouts in their move to secure a permanent clubhouse on the land in Rubio Canyon donated to them by Henry F. Huntington. The camp is named after the donor. The Rotarians went on record today as favoring the project and also agreed to assist the Boy Scouts in other phases of their activity.

RALLY OF CITIZENS.
All the cities and principal towns of Southern California will be invited to a dinner at the Maryland Hotel in Pasadena next Tuesday night by the Tournament of Roses Association, to discuss plans for civic participation in the Rose Tournament, here on New Year's Day. It is expected more cities will enter boats than ever before. The mayor, civic body, representative and newspaper editors of the different cities will be asked to attend the dinner and conference. Invitations will be mailed by President W. L. Leishman of the Tournament Association this week.

FINES OF JAIL LIFE.
Mrs. Grace de la Matre, who went to the City Jail Saturday morning to pay a \$10 fine for keeping goats in violation of a city ordinance, was released today when a friend offered to pay her fine. She accepted the offer and was released. Her confinement was more days to run. The jailers were glad when she accepted as they were sorry to see Mrs. Matre go to jail. She went to jail rather than pay the fine as a matter of principle, holding that the ordinance was unjust.

She declined on Saturday set only

to pay her fine, but to allow friends to do so.

Visit the famous Busch Gardens. Open benefit Pasadena Hospital.—[Advertisement.]

Extra fine quality green jade pendants, necklaces, rings, hat pins, brooches, scarfs and ear rings, at Grace Nicholson's famous oriental shop, 48 North Los Robles avenue, Pasadena, (directly across Maryland Hotel.) Also showing finest selection of amber necklaces, pendant drops and snuff bottles ever exhibited in California. The ladies will be pleased to know Miss Nicholson has a new shipment of beautiful brocade silks, all colors, of finest quality and full twenty-seven inches wide, for sale by the yard. Silk woven mashes to match.—[Advertisement.]

ORGANIZE TO FIGHT FLORIDA PROPAGANDA.

SANTA ANA, Nov. 17.—Combating propaganda sent out from Florida to deter tourists from visiting California, the meeting of the Western Hotel Owners Association, in its session at the Arlington Hotel today, went on record favoring a strong campaign throughout the West and in Europe.

Various speakers declared that the Florida campaign propaganda was of the "bait-and-switch" order, intended to throw a scare into easterners, and to lead them away from the Pacific Coast. Among the speakers, were Sam F. Dutton of Denver and Harry N. Durham, president of the American Travel Dealers' Association. Tomorrow, Frank Miller of Riverside Mission Inn and Charles S. Fox, passenger traffic manager of the Southern Pacific, will be speakers.

HEADS POMONA M. D'S.
POMONA, Nov. 17.—Dr. F. W. Burns was elected president of the Pomona Valley Medical Association at the annual meeting held at the Pomona Valley Hospital last night, succeeding Dr. Paul W. Newcomer. Dr. W. H. Bates was re-elected secretary-treasurer.

INJURIES FATAL.

**Iowa Boy Killed in Accident at
Pomona.**

POMONA, Nov. 17.—After lying unconscious in the Pomona Valley Hospital since last Saturday night, when his skull was fractured in an automobile-motorcycle collision on North San Antonio avenue, David A. Harris of Tama, Iowa, died this morning. He never regained consciousness at any time during the three days he was at the hospital. The accident happened early Saturday evening when Harris, 20, a companion, his brother, Dewitt Harris, and D. F. King were on their way from San Bernardino to Los Angeles. The motorcycle and side car on which they were riding, collided with an automobile driven by R. R. Archer of Pomona. David Harris, who was piloting the motorcycle, was thrown head first against the side of the automobile in the impact, and his skull fractured. The other two were thrown clear of the smash, and escaped with bruises and cuts. The trio had just arrived in California after making the trip from Iowa on motorcycle.

Harris was 15 years of age. The inquest will be held from the Todd and Patterson chapel tomorrow afternoon. The remains will be shipped to Tama, Iowa, for burial.

TWO ARE KILLED IN AUTO SMASH.

LONG BEACH, Nov. 17.—James Thrane, 22 years old, and G. Gomez, 27, were killed today, when the automobile in which they were riding was struck by a Pacific Electric street car on Seventh and Canal streets, Wilmington. Both Mexicans resided at 559 Wilmington Boulevard, Wilmington. They were both employed at the plant of the Consolidated Lumber Company. The bodies were brought to this city. An inquest held this afternoon resulted in a verdict of unavoidable accident. Witnesses stated that the brakes were applied to the automobile, and that the machine skidded into the train, being dragged fifty feet. Two other Mexicans in the automobile escaped with cuts and bruises.

SANTA ANA, Nov. 17.—Elmer Woollier, 27, and Emma C. Pease, 25, both of Los Angeles; Alfred Bird, 19, of Universal City; and Helen Mathews, 17, of Lankershim; James Arnes, Jr., 21, of Fullerton and Lucia Pearl Wright, 24, of Fullerton; Harry Lester Smith, 25, of Los Angeles and Miss Rita, 25, of San Francisco; Jack Von Stuedtgen, 21, and Dorothy Dix Burns, 18, both of Los Angeles; Paul Franklin LaBelle, 25, and Minnie Belle Adams, 19, both of Long Beach; Pedro Avochordou, 31, of Santa Barbara and Manuella Irigoyen, 27, of Artesia; Thomas Deaver Wood, 46, and Nada Lenore Hinckley, 24, both of Long Beach; Orlando Polver, 41, of Santa Ana and Mattie Tharp, 44, of Los Angeles.

LEAVES BIG ESTATE.

Redlands Resident Will Property to Wife and Daughter.

REDLANDS, Nov. 17.—Percy L. Harley, for many years, one of the most popular members of the wealthy colony here, who died in Santa Barbara recently, left an estate valued at \$60,000, according to the will that has just been filed. The will was made in this city on May 18, 1914. Mr. Harley left his entire estate, with the exception of \$100, bequeathed to his Redlands Day Nursery, to his wife and his 10-year-old daughter, to be divided between them. The little son born four years ago is not mentioned in the will.

The daughter, Miss Adelaide, is not to have control of her portion of the estate until she is 16 years old. Mrs. Harley is named executor, but has filed her refusal, and the Commercial Trust and Savings Bank of Santa Barbara will act.

H.C.S.
The Car - Born With a Reputation

Borrow the city-man's slang: No earthly word fits as well. You zoom up a hill in an H.C.S. Short of flight itself no greater pleasure than this. A long hill, an empty road and an H.C.S. The swelling urge of power from four eager cylinders that lifts you faster and faster. Over the summit with a final crescendo roar of disdain.

Where you get pleasure out of any other car you'll get JOY from the possession of H.C.S.

HARRY E. HERNDON
510 So. Olive St.
Satisfaction made my Reputation

THE: OH JOHN! THIS IS THE STEEPEST GRADE WE'VE CLIMBED.
HE: QUITE SO MY DEAR, YOU SEE WE'VE NEVER OWNED AN H.C.S. BEFORE

AUTO THIEVES GET FOUR CARS.

The following autos were stolen from the streets of Los Angeles yesterday: Chevrolet 1919 touring, black, 378-914; Chevrolet 1929 touring, black, 423-252; Ford 1916 touring, black, 180-442; and Chandler 1917 touring, black, 237-861.

Anyone seeing any of these cars will please notify the auto theft bureau of the Auto Club of Southern California or police headquarters.

TO ABOLISH TRICK PITCHING.

(Continued from First Page.)

commendable trait, but not orthodox baseball.

His real weakness, however, is a desire to lap up all the firewater in the village about three times each season. Douglas was practically unbeatable this season, when along late in June he fell with a loud bang, winding up in a sanatorium. Thus he robbed himself of a \$100 bonus which had been promised for righteous conduct. For several weeks after that he was furnished with a keeper, who never was away from him night or day, except during the actual progress of the game.

Douglas is the hardest man McGraw has had to handle since the days of Bugs Raymond. Raymond's downfall came one afternoon when Douglas tossed him a new ball and instructed him to warm up down by the end of the stand. Bugs eased out through a door in the wall, sold the new ball on the street for four bits, tossed in a few drinks at a saloon and then slipped back into the park without his absence having been observed.

Going in to relieve a brother in distress, Bugs made a bad move to first, loaded up the bases and then emptied them with a couple of pitches to the stand. Warning up from the inside didn't produce the desired results, and Raymond was never allowed to finger another ball in the majors.

SNAPPY CHATTER IN BASEBALL LINE.

George Cutshaw of the Pittsburgh Pirates, mentioned as a possible candidate for the Salt Lake management, has left the front porch and gone on a hunting trip to Imperial.

Grand jury has dissolved itself in committee, and will not reassemble on the baseball probe until Monday. Meantime, investigators from the District Attorney's office are on the job.

Bill Eslick has returned from the minor league meeting in Kansas City with promises of a shortstop and two pitchers from the New York Americans. And the Tanks have a way of keeping their word.

Chester Thomas of the Cleveland Americans is here with his family for the winter, and will be engaged with one of the motion picture concerns for the next three months.

William Klepper, president of the Seattle club, is considering John Gansel, old Red 13 pilot, as possible manager of the Mariners. Renner has also linked the name of Walt McCredie with the job.

Radiator League gossip has it that William Lane, president of the Salt Lake club, may take over the Vernon franchise and transfer his baseball activities to this city.

It is unlikely, however, that Lane would take such a step unless the Salt Lake club is transferred to Vancouver.

Agitation against Sunday baseball in Utah, which would put the Salt Lake club out of business, is said to be due to dishonesty with which the game has been tainted. Pretext for the public to be denied a favorite amusement because of the questionable practices of a very few players.

Hal Chase says that private business will prevent him going to Chicago for the forthcoming baseball trials, and that it will be necessary for the courts to resort to extradition.

Tony Rego, Angel catcher, will play winter ball in Taft.

GOLF GOSSIP.

J. J. Jenkins, the newly-elected president of the Brentwood Country Club, has taken the reins and appointed the committee that with his aid will see that things move along at this much frequented club. A membership committee will be headed by A. H. Honey who will be assisted by H. T. Brantly and Hugo Miller. C. L. Bundy is chairman of the entertainment committee. President Jenkins will retain the chairmanship of the house committee, which he held prior to his election. Plans are being made to acquire the 130 acres on which the club is located.

Competition for the Julius Brown trophy at the Los Angeles Country Club has just closed with R. L. Burns in first place, his score being 81-12 handicap, 68. Fred Loftlund was second, and T. Plummer, third. There were 138 entries, but scores were so bad that only a few were turned in.

The fall handicap in which sixty-four qualified at the Los Angeles Country Club has narrowed down to the finals in which R. L. Burns and Earl Cowan, both twelve handicap men, will play for the final honors.

The Ethics of Production

Under conditions existing in the world today the welfare of nations and of individuals is dependent on a return to adequate production of the necessities of life.

Forces that retard production are contrary to public good and those that increase it constitute constructive effort for human well-being.

The National Bank of Commerce in New York employs its great resources in stimulating the production and distribution of staple and necessary commodities.

Science Proves the Danger of Bleeding Gums

Medical science proves that unhealthy gums are a serious ailment. People suffering from Pyorrhea (disease of the gums) often suffer from other ailments as rheumatism, anemia, nervous disorders, or weakened vital organs. These ailments have been traced in many cases to the Pyorrhea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out. Must be extracted to rid the system of the Pyorrhea germs.

Guard your health and your teeth. Keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea. Ordinary dentifrices cannot do this. Forhan's For the Gums is the gums firm and healthy, the teeth white and strong. 35c and 60c tubes. All druggists.

Drugs for Sick Women

Reliable Information

Most American women know of the great success of Dr. E. Pinkham's Vegetable Compound in restoring health to women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that it is claimed for it is a true remedy—if they did, our laboratory would not be large enough to supply the demand, though it is the largest in the country used for the manufacture of one particular medicine.

Results contained in the following two letters should prove of benefit to many women:

Letter 1: "I suffered with nervousness and depression for some time. I was not able to do my work and I was in a state of constant worry. I had heard of Dr. E. Pinkham's Vegetable Compound and I decided to try it. I had not long before I had a letter from a woman who had written to you saying that she had been cured of her nervousness and depression by using your Compound. I was very much interested in this and I decided to try it. I had not long before I had a letter from a woman who had written to you saying that she had been cured of her nervousness and depression by using your Compound. I was very much interested in this and I decided to try it."

Letter 2: "I had a very bad case of nervousness and depression. I was not able to do my work and I was in a state of constant worry. I had heard of Dr. E. Pinkham's Vegetable Compound and I decided to try it. I had not long before I had a letter from a woman who had written to you saying that she had been cured of her nervousness and depression by using your Compound. I was very much interested in this and I decided to try it."

Dr. E. Pinkham's Vegetable Compound

BIG :: SHOW :: TO :: AID :: BABIES.

Fun Fest for Fight and Film Fans.

TO HELP swell a milk fund for underfed babies in the city and to purchase clothing for young children now not warmly clad, many Los Angeles women are busy selling tickets for the "Million-Dollar Gala Performance" to be given tomorrow night at Trinity Auditorium by the Southern California Welfare League.

The performance will include ring matches between star boxers and wrestlers and the personal appearance of many cinema stars. The ushers will be Mack Bennett beach beauties. Charley Murray, as master of ceremonies, will introduce the following mat-and-glove experts: Kid McCoy, Tom Mix, Joe Rivers, Leach Crow, Bert Williams, Chris Jordan, Dennis Edwards, Marshall Booker, Bull Montana and Gus Pappas.

Cinema stars who will take part in the program are Wallace Reid, James Kessel, Eddie Weber, Bud Jamison, Slim Sumnersville, Bobbie Dunn, Charles Dorey and Pete Gordon.

Krest Hunt, organist at Grauman's, will play during the entertainment.

Mrs. Earl Remington, who last year made an individual record selling Christmas Red Cross seals, yesterday joined the group of society women who are selling tickets for the benefit, as did Mrs. Charles Canfield. Tickets are on sale at the H. H. Dyer Company store, will be sold at the Alexandria today and tomorrow and may be had at the Citizens' Trust and Savings Bank and the Hayward Hotel tomorrow.

Mrs. Earl Remington.

CLOSES FIVE BRANCHES.

Goodyear Company Changes Distributing System for Northwest.

ST. PAUL, Minn., Nov. 17.—The Goodyear Tire and Rubber Company branch office announced today that the branches in Tacoma and in four other western cities will be closed at the end of business this evening. The other places affected are Great Falls and Billings, Mont., Boise, Idaho, and San Diego. Eighteen of the twenty-two salesmen and office men employed here will be laid off, it was announced.

Perfection of its distributing system was given last night by A. F. Osterloh, vice-president and general manager of the Goodyear Tire and Rubber Company of California, as the company's reason for closing five branch offices in western cities. Mr. Osterloh, who resides here, stated that by systematizing its affairs the company will hereafter be able to supply the needs of San Diego from Los Angeles, Tacoma from Seattle, Great Falls and Billings from Butte, and those of Boise from Salt Lake City.

"Closing down the branch offices in question has no other economic significance," he said.

CASH DAMAGES GIVEN SINGER FOR A SCAR.

A jury in Judge Monroe's court yesterday awarded Mrs. Edeline Davett, known on the concert stage as Nion Duval, \$1250 damages, and her husband, James A. Davett, \$50 damages for injuries she received in an automobile accident while a guest of Robert J. Smith, Mr. Smith was declared to have carelessly driven off the road. Mrs. Davett has a scar on her face, resulting from the accident, which she says affects her career as a singer.

Christmas Gifts of Stationery

Instead of making a "last minute" choice of box paper, why not give Die Stamped Stationery as a thoughtful, worth-while gift?

We are prepared to originate designs, engrave the dies, emboss and illuminate, in our own shops, any kind and quantity of stationery. We will complete your order now and deliver it to suit your convenience, at any time before Christmas.

A Gift for a Friend

WHAT will you give this Christmas to those few intimates whom you remember with a slight token each year? There are many things you might buy for more money which would not express your sentiments so aptly as an Eversharp. A good looking, capable pencil is Eversharp, made with jeweler precision to serve for a lifetime. It is made in all styles, long and short, in silver and gold, for men and women. Your dealer sells these pencils at prices ranging from one dollar upward. Be sure you get an Eversharp. The name is on the pencil.

California Bank

COMMERCIAL ~ SAVINGS
Formerly Home And Hibernian Bank

—One Powerful Bank in 16 Convenient Locations—

THE men responsible for its policy and conduct are the basic factor—the foundation—by which the character of any bank or business enterprise may be determined. Given the right combination of right men—money and support align themselves naturally. Otherwise no bulk of capital, however great, can permanently succeed.

California Bank presents below the names of its responsible men. Along the lines they have determined, and by the service they have delivered, this Bank has become a Thirty-five Million Dollar Institution—is growing larger and broader with every day.

Service—human service—is the one ideal within our organization. Our single, united effort is to make this fine ideal a FACT.

The New Program

"Less Government in Business and More Business in Government"

Confidence has a sound foundation. President-elect Harding said, in "The World's Work": "We have had too much government in business. I mean by this that on the one hand we have allowed the government to engage too much in enterprises which it has bungled and which American business can do better, safer and cheaper, and on the other hand we have had too much ineffective tinkering with our economic structure."

"American business is not a selfish privilege-seeking monster. The agitator who so describes it, and the statesman who treats it with abuse and suspicion, forget that American business is the daily labor of the whole people and the clothes upon their backs and three meals a day."

"We must go to men who know for advice in administrative improvement; we must have, to aid us more men trained in agriculture, more technical men, more men who know business and the practices of commerce and trade."

With this as a preamble the government program contains revision of taxation, adjustment of tariff, establishment of peace, efficiency in government administration, advancement of reclamation projects, and reconstruction of agriculture.

"Business" meaning the "whole people" and their "daily labor" as Mr. Harding comprehensively defines it above, may now go forward with assurance and stability.

Have Santa Bring Columbia Records

Enjoy them! Of course you will; especially if Santa brings them. The latest songs, the season's melodious hits, the dance tunes that carry the Merry Christmas note, old-time ballads, all of them on Columbia Records—see to it that Santa brings them enclosed in Columbia Christmas envelopes.

If you will call, we'll help you write the order to Santa Claus, telling him just what records you ought to have for a merry, merry musical Christmas.

COTTON MEN TO MEET TOMORROW

League of West to Discuss Important Problems.

Sonora Governor Heads Large Mexican Delegation.

Plan to Import Labor from Below the Border.

Cotton growers from all over the southern part of this State and from Arizona and Mexico will meet tomorrow at the Chamber of Commerce to discuss important matters regarding the industry. The occasion is the annual meeting of cotton experts and several Federal government authorities are expected to attend the convention and in addition there will be a large delegation of Mexican officials among whom will be the Governor of the State of Sonora. There also will be State officials from Arizona.

The convention will open at 10 a.m. and at noon luncheon will be served at a hotel. The meeting will be resumed at 2 p.m. and probably continue until Saturday.

One of the principal features of the convention will be reports of the different subcommittees. These committees will meet the executive committee of the league, read reports of last year's activities and discuss plans for the future of the industry.

The reports of the Pure Seed Committee and the Labor Committee are expected to prove of great interest. The cotton growers are experiencing considerable difficulty securing labor and it is probable plans will be discussed to import contract labor from Mexico. The passport regulations will also be reviewed. The Pure Seed Committee has charge of selecting the seed, and is expected to have a number of recommendations to make at the meeting. The Labor Committee is also to report.

OIL TO STOP SQUEAKS OF LEG JOINTS.

Lubricant in Lunch Taken by Wife to Prisoner; His Timber Toe to Blame.

Fred B. Johnson is a prisoner in the Long Beach City Jail. Each day his wife brings him a basket of home-cooked foodstuffs. According to rule, such baskets are always carefully searched by Sheriff William Dorey for steel saws, files or other implements that might be used by a prisoner to break out of jail.

As the officer reached the bottom of the Johnson basket yesterday he found concealed beneath a cup a small can of lubricating oil.

"What's this?" he demanded suspiciously of Mrs. Johnson.

"Well, I'll explain," blushed the wife. "You see, my husband has an artificial leg and he has to oil the joints ever so often. His leg began to squeak yesterday, so he asked me to bring the oil can today."

Sheriff Dorey lowered his elevated eyebrows and permitted the basket and its contents to pass.

RARE COIN IS GIFT.

Twenty-Dollar Piece Appears at Crawford Golden Wedding.

Alfred and Belle Crawford were married in Grand Rapids, Mich., fifty years ago yesterday. Last night they celebrated their golden wedding anniversary at their home, 51 Whitecup avenue, Venice. Their children, grandchildren, nephews and nieces gathered with them and took them gifts.

County Clerk L. E. Lampton, a nephew, prepared a marriage license which gave the ages of his uncle and aunt as 50 years. He affixed a gold seal on the license, first placing beneath the seal a 25 gold piece. When the license was presented to Mr. and Mrs. Crawford, who are 75 and 76 years old, respectively, there was much hilarity as the gold piece was extracted from beneath the seal.

BAIL IS FORFEITED.

One-time Fight Manager Fails to Appear to Answer Drug Charge.

When Robert A. Laga failed to appear in U. S. Dist. Judge Bledsoe's court yesterday to answer a charge of violating the Harrison Narcotic Act he had his bond of \$1500 forfeited.

Charles Schrandt, a taxicab driver and alleged associate of Laga in the drug-peddling game, was brought down from the Federal penitentiary at McNeil Island to testify against the accused.

When Laga was first arrested his bond was fixed at \$1500, but was later reduced to \$1000. It is a personal bond, but it is understood that the signer has been recouped by friends of Laga, who was one time the manager of Joe Rivera, the prize fighter, and a frequentor of the lounge of local hotels.

WILTON RUGS

Again has Hamburger's anticipated the trend of the wholesale rug market.

Highest Quality, Full Standard, the "Aristocrat of Wilton"

25 Wilton Rugs, 9x12, at 126.50

A quick purchase brought these 25 beautiful new rugs—the season's finest and colorings—to Los Angeles just in time to put on sale Thursday at the price of 126.50 each.

29 Wilton Rugs, 9x12, at 122.50

These are Worsted Wiltons, a rug long and favorably known to the distinctive homes. They come from a celebrated manufacturer. There are conventional designs and exquisite color combinations of rose, blue and tan, actually better than a pre-war value at 122.50 each.

All 54 rugs are on sale at Hamburger's—Third Floor—Today.

Whittall's Anglo-Perian Rugs, 9x12 ft., 150.00.

Telephone Situation in Los Angeles

This Company is confronted by a problem which, unaided, cannot solve.

Briefly, the situation is this:

Our operating costs have for several years been steadily rising in respect we have been experiencing only what you have in your homes, your offices and your homes. The income with which our bills is derived from the rates charged for our service and—

These rates are now what they were before we entered the war.

The seriousness of the situation concerns every user. We maintain that every subscriber desires good telephone service. It is a service that plays a vital part in the every-hour life of the community.

We are asking the Railroad Commission of California to remedy the inadequacy of our present revenues and to approve a rate schedule that will guarantee permanency, extension and continued improvement to the business and the service.

It is our duty to present the situation to the public in its details and this we shall endeavor to do by frequent statements which will set forth its many aspects of immediate concern to telephone users.

THURSDAY MORNING.

SACRED AMERICA
WILL NOT FOLLOW IN SEEKING TRADE WARS

WASHINGTON, Nov. 18.—The Bolshevik movement in Russia has been the subject of much discussion here as having been a factor in the negotiations today that are being held in London for the purpose of securing exemption from the Russian embargo on the export of goods to Russia.

The United States will not follow the lead of Great Britain or France, it was said, if those countries do recognize the present Russian government, even if only for the purpose of permitting trading. Department officials here are of the opinion that the Russian government is not stable and that the Russian people are being held in subjugation by the will of the Bolsheviks.

It is believed that the Russian government is not stable and that the Russian people are being held in subjugation by the will of the Bolsheviks. The United States will not follow the lead of Great Britain or France, it was said, if those countries do recognize the present Russian government, even if only for the purpose of permitting trading.

Briefly, the situation is this: Our operating costs have for several years been steadily rising in respect we have been experiencing only what you have in your homes, your offices and your homes. The income with which our bills is derived from the rates charged for our service and—

These rates are now what they were before we entered the war. The seriousness of the situation concerns every user. We maintain that every subscriber desires good telephone service. It is a service that plays a vital part in the every-hour life of the community.

We are asking the Railroad Commission of California to remedy the inadequacy of our present revenues and to approve a rate schedule that will guarantee permanency, extension and continued improvement to the business and the service.

It is our duty to present the situation to the public in its details and this we shall endeavor to do by frequent statements which will set forth its many aspects of immediate concern to telephone users.
